Loved this game! by s\_only\_me on 2021/03/31 15:13 This app was really fun and addictive. I've downloaded many apps but this was my favorite!! It's like a mini version of scrabble or tetris that is easy to finish, so I wasn't always too frustrated when I couldn't get a word right or it didn't fit in the puzzle correctly. I really liked the fact that I could earn coins and buy different game modes and backgrounds. I would definitely recommend this app

Addictive by Rachie2021 on 2021/08/27 17:35 I love this game! It's so cool that you can have so many games going at once. You get bonus coins for each one. It's super easy and all I do is swipe my screen and I'm done. It's pretty fun and I love it!",

"This is one of the most enjoyable games I've ever played. You don't have to be online to play, which is a big plus. You can get free coins and spins by viewing videos or playing other games. It lets you choose which level you want to play on, so it isn't too easy and boring, or too hard and frustrating. The best part is that you can play with your friends at any time! There's not only boss fights, but there are also puzzles that require you to work with other players to figure out how to beat them. A good thing (or bad thing for those who don't like boss battles) is that if you go into a fight with someone else, they will take over the game. This means you might have to just sit there and watch while they fight. If you don't want your friend to leave, you'll have to buy some extra lives by tapping on the screen." "Great game! I love that you can play with friends anywhere, even when not connected to the internet. I would only add that it is hard sometimes when there aren't enough coins, but other than that, this game is so worth playing." "This is one of my favorite games because of the different levels and how easily it takes all my free time. I think it would be more fun if there were different games you could play with friends online and offline. It would also be cool to have a way to actually get coins and lives without having to pay for them." "I love this game because anyone can play it, anytime, anywhere. But I just don't quite understand how they are trying to make money. You have these extra lives you win from watching videos or playing other games, but they are not enough unless you spend your actual lives on them through in-app purchases or by downloading another game that requires real money. I would give this game five stars except for the fact that I feel like there's a lot of potential wasted on how they are trying to make money. Hopefully the developers will change their ways."",

Good game but... by 1-2-3! on 2021/12/22 00:18 I really like this game. It allows you to come back to it later with a new board of squares that have a set pattern. In this case, all the white squares are filled in and you have to find all the words that fit in the pattern. It's really fun, although sometimes confusing as you try and decipher what is or is not a word. The only complaint I would have is there are SO many ads. They are annoying and it takes away from the flow of the game. They are also very small.",

Loving it by Mrs\_Dew101 on 2021/07/22 05:18 I wish that I had this game when I was in middle school and they used to make you wait to play all day instead of letting you play the game that you have on you phone. So this game has helped me a lot and I am loving it! And the diamonds are super useful and can help with building up my bakery. The only thing is that sometimes the game doesn't show me what I am supposed to be doing. I try to click a diamond and nothing happens. And then when I go on the internet and check my bakery it shows without me even buying anything! It has happened with so many things like clicking something to take a screenshot and then when I open the app it doesn't take anything of what you should have clicked but instead just shows what you already have on your phone! So please fix that so more people can enjoy this game. Thank you!",

Great game by Big\_Doofy on 2021/12/14 21:02 This is the best game ever. It's very addictive and fun to play. I usually play this while I'm bored and waiting for commercials to end during my tv show or when I'm bored. But, sometimes if there is an add, the add doesn't go away until you watch it even if you swipe it away. But other

than that this is a great app!",

Good game but needs improvement by Blazinjoe on 2021/11/01 00:52 The idea for this game is great! It's really fun and all but there's a few things that need to be fixed. First off, you guys should make it so that when someone asks for a gift, the person who asked the question can see who is sending them gifts. I know this sounds kinda petty but I've been on here a while and have had this issue more than once and it's just plain annoying to have people leave you hanging by not giving you what you asked for when they accept the request. There's also something in game chat that needs to be fixed. In game chat lags way too much and it's really annoying. And lastly, please make it so people can say "thank you" to each other when they receive gifts or spins etc... I personally love this app and I would rate it 5 stars but these things should be fixed.",

Creative and challenging by Houshk on 2021/09/21 19:18 This game is challenging yet fun at the same time. The levels are creative and well designed. To me they are not frustrating as some other games that don't really go anywhere or have too many different options to choose from. I love this game a lot!",

Fun puzzle game by Momochic on 2021/01/03 21:49 I love this app!! It doesn't have the same old boring puzzles that you play over and over while you're bored at your desk at work or at home. This way you can truly test your reflexes and it's more fun than just doing the same workout video all the time. There's only a few levels of difficulty which makes it even better, because not everyone is able to solve all of the puzzles!ðŸ•",

This game features eight "coin tokens" which represent fruits, vegetables, and animals. Players collect these coins during the gameplay to earn points in the game. Three of the coins are represented by card illustrations; these coins are more likely to be found in chest rather than buried in the ground as with coins with illustrations of humans and animals. There are currently five sets available; one set is for each type of coin (four sets for negative coins and three sets for positive coins) giving a total of twenty-eight characters.",
