Whatever your version of Minecraft, whether you're playing the Survival, Creative or Adventure modes (these are the three ways you can play the game), there's never a shortage of mods available to improve it, add something new or fun in-game, or simply make it look better and more authentic.",

There are two ways of connecting to your server: first is by using a computer directly connected to the internet through LAN (Local Area Network) port, and second is by using a mobile phone, tablet or any other device connected to the internet through WiFi or Data connection. If you choose the second option, please make sure that the username and password you have created for the account on Minecraft Bedrock Server are valid and correct. For best results, you should use a password that will not be easy for hackers to guess and change frequently. Also, please watch out for suspicious emails that inform you about your account and try to trick you into entering your username and password.",
